Great Evening Sharvettel

I pray that you are having a peaceful and productive weekend. I had to share this with you as a testimony to what God is doing as a Platform Builder Client. Our proposal with the [REDACTED] was approved. This is a \$15k contract.

And, by the way, we are also meeting with [REDACTED] a potential partnership and contract for educational grief training for their residents and staff. The Platform Builder program has increased our visibility as well as clientele.

This year alone, I had a minimum of 2 speaking engagements per month. I have spoken on several expert panels, and have build connections and relationships with exceptional entrepreneurs and fellow Platform Builders. Glory to God.

Prior to the program, I lacked the confidence in using social media for visibility. I didn't understand the importance of branding and marketing. We have gone from making cold calls and connections to being sought out by organizations and individual clients. I have to shout out my fellow Platform family for several referrals.

Was the program worth it? Absolutely. No visibility to regular live sessions, an updated website, several contracts, and an increase in our territory through community partnerships and collaborations. Oh! Did I mention, the opportunity to coauthor a book with several amazing business leaders and entrepreneurs.

I have learned that you must invest in your business and understand your worth. We have increased our prices without hassle from our clients. Last thing! [REDACTED] The tools gained have helped me holistically.

Thank you for Platform Builder program and coaching me and my nonprofit to success.

Gratefull  
Lina

Sharvette is a master at digital online presence and branding. She is well organized and responsive. She has systems that work and are easy to digest. Great teacher and facilitator, as well! She is skilled at creating platforms for other's to excel. Thank you for all that you do.

The digital plan and collateral she created for my brand is top notch. In addition, she designed my website and it is another demonstration of excellence.

**Sharvette Mitchell** I have been so impressed and amazed as to how much I have learned, confidence gained, and how much my business has been elevated in this short amount of time. I think the biggest thing has been the empowerment I've gained.

Hey everybody! I got a praise break unsolicited testimony. This person joined my academy last week and attended her 1st training on Saturday. [Sharvette Mitchell](#) you're right (no surprise) people watch you before they buy from you. When she reached out I didn't have to sell her, she said can you do a custom plan because I want xx amount of training hours and see that plans only offer group supervision but would like for you to do my individual supervision as well. I need all 35 hours and want them from you.

Hi! I forgot to update you so n Friday regarding the pricing for the trainings I'm doing. I went with 3500 per 90 min session and i haven't had one business decline!

Sharvette!

I must share, you not only taught us how to effectively brand, market, and as a result grow and scale our business beyond what we ourselves could see.

My business grew exponentially this year.

As a result, I have been able to invest in myself, business systems, our home, and my client experience. Today was a personal first, we paid cash at the dealer for our next car!

You modeled and empowered us to remember to represent the fulness of God in our business and our lives.

Thank you, from the bottom of my heart thank you! #PlatformBuilder for life!

Much Love and Abundant Blessings to you in New Year!

msladycoach mentioned you in a reel: I love receiving gifts!!! @sharvettem you really outdid yourself. I registered for her annual PopUP Conference and look at the beautiful package I received.

@sharvettem has helped me build brand awareness by increasing visibility and cultivating relationships with my customers via email marketing.

@sharvettem supports her customers too! She sponsored a Mom at our upcoming luncheon A Day of Love Pre-Mother's Day Luncheon.

Sharvette,

This visual branding has definitely shifted some things. I am getting alot more traffic. One FB groups has gone from 1800 to 2700 member. Since posting and emailing the scheduler webinar my discovery call appts is off the chain. (Just posted on Monday)

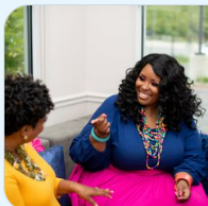

**Lina Lassiter** · 0:00 May I share a little testimony? One of our challenges was to go live and share info about our organizations. I stepped outside of my comfort zone and pushed through. Because of that I have 2 new clients in one week. Shipping course material to one now. Thank you Sharvette for sharing your gift with us.
